

Creative Learning is back and ready for 2019!

Creative Learning is at the heart of everything we do at Centrestage and our 2019 programme has something for everyone. Open to all ages and abilities, beginners to advanced... toddlers to grannies (and grandads!) Our extensive program includes classes in Musical Theatre, Dance Theatre, Acting, Vocal, Additional Support Needs and Pre-School, with classes delivered across the week to help fit in with busy lives.

No audition is required, and you can join a class at any time throughout the year. Our various Creative Learning classes all have associated production outcomes that are presented in our very own Centrestage Theatre.

Let's hear from our Head of Creative Learning Stuart Bird...

"I can't believe we are ready to start a brand-new year but as ever it's set to be a fantastic one filled with great music, theatre and dance and of course, our wide-ranging program of 'Creative Learning' activities.

Whether it's singing, dance, acting, technical theatre or musicals you live, there's no better time to get involved as we begin lots of new productions and projects across our classes. So, whether you're 4 or 74...come along and join us for a creative 2019!"

To find out more about our classes please follow the link <https://www.centrestagemt.org.uk/media/1310/creative-learning-booklet.pdf> or pop in and have a chat with our class leaders who'll be able to answer any of your questions.
