

OUR CENTRESTAGE 2018/2019 IMPACT REPORT HAS ARRIVED. IT'S TIME TO TELL YOU MORE.

We are privileged to welcome, work with and support over 2000 participants across Ayrshire each week at Centrestage. Our 2018/ 2019 'Impact Report' shares the numbers and statistics, but more importantly, tells the stories of those who engage across our activities from Catalyst to Creative Learning each day. Driven by our vision, we continue to champion our approach of using the arts to bring people together, creating energetic and inclusive communities.

Eleanor McLaren, Chair of Centrestage Communities comments, "It gives me great pleasure to present the Centrestage 2018-19 Impact Report. How very special to see the entire breadth of Centrestage work represented here and to share with you some stories of a small number of our participants. We have the privilege each week to work with over 2000 people across Ayrshire. Together they make up the Centrestage community, each participant with their own history but never defined by that history. A community where there is always space for one more, for someone new to be welcomed in. A community with arts - including the culinary arts of food - at its heart."

The Report also shares information on developments at the Centrestage Village and thanks our supporters, to whom we are extremely grateful.

Centrestage, CEO Fiona McKenzie said, "It is so important that we take time to reflect on the challenges and achievements of the past year as we prepare to move forward into an exciting new chapter filled with responsibility and opportunities."
